

DiscoverStation™

A platform for a more competitive IT investment

Userful

1-866-USERFUL

www.Userful.com

1-Box Technology

→ Affordable

A network of up to ten (10) stations, each consisting only a standard monitor, keyboard and mouse, all running from a single computer box.

→ Simple

Simply connect the stations, Internet, and power, and turn it on. No network setup or technical staff required. Internet, printers, and scanners, are automatically available at all stations.

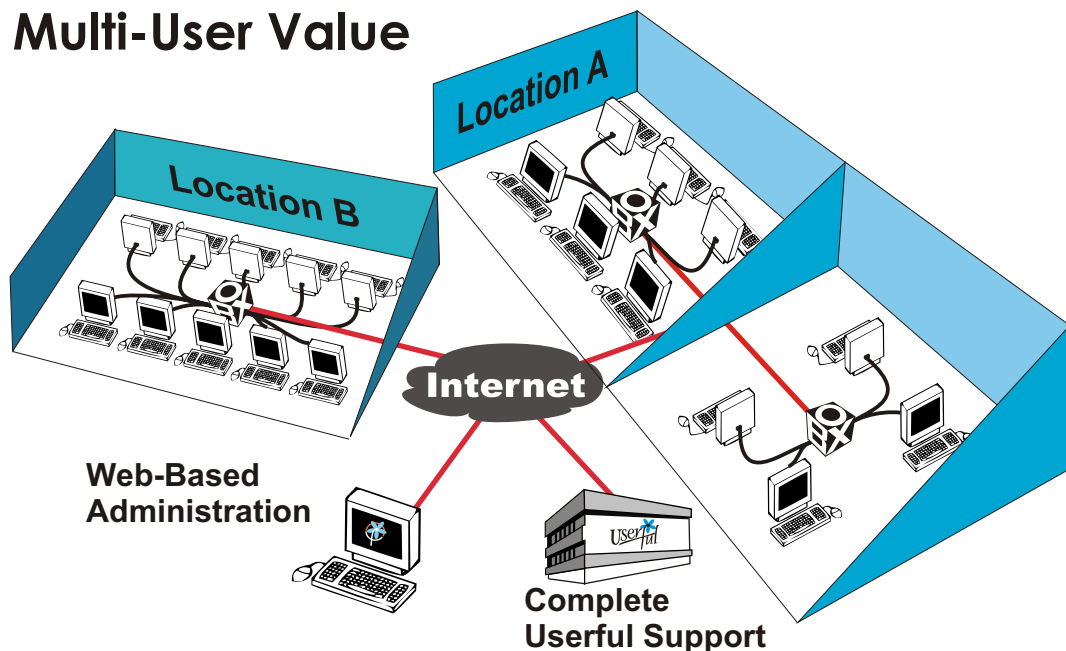

→ Turnkey

Comprehensive Suite of Public Access Software comes pre-installed, including a full Office Suite.

→ Worry Free

Built in Security, Privacy, and Legal Protection for public access. Userful monitors, upgrades, and maintains your DiscoverStations 24/7.

Multi-User Value

Public Access Solution

"Userful has addressed a big concern with a simple solution. DiscoverStation is extremely stable and reliable, and we've had no problems. In fact, beyond connecting the Internet and power, the machine has been zero effort, and we've received numerous compliments from our customers"

David MacKillop, Manager

Complete Care

- ✓ **Always Up to Date**
Software upgrades and security patches are seamlessly installed by Useful over the Internet
- ✓ **Customizable**
Offer different applications, Internet filtering levels, and time limits to different groups of users.
- ✓ **Usage Statistics**
System owners can view usage charts for their DiscoverStations from any web-browser.
- ✓ **Legal Protection**
Click-Through Acceptable Use Policy ensures that all users agree to the system owner's terms of use.
- ✓ **24-7 Monitoring**
Useful's Network Operations Centre remotely monitors your DiscoverStations for unusual system activity or downtime, resolving issues as needed.

- ✓ **Complete Support**
No need to install or upgrade software. DiscoverStations are fully maintained by Useful including all upgrades. Next-day couriered replacement hardware or onsite standby replacements are available as options. Useful takes complete responsibility for restoring your DiscoverStations in the unlikely event of system failures resulting from malicious users, viruses, or hackers.
- ✓ **Predictable Costs**
Per-station monthly fee covers your complete Total Cost of Ownership, including software rental, upgrades, system monitoring, maintenance, and hardware support plan, freeing you to provide best of breed public access while preserving cash and precious IT resources.
- ✓ **Centralized Administrative Control**
Easily monitored and customized from any browser.

Complete Security

- ✓ **Virtually Virus Immune**
Eliminates costly and disruptive virus outages. No need to download anti-virus patches. DiscoverStation is immune to all Windows®, Outlook and Office viruses.
- ✓ **Robust Firewall & System Security**
Blocks Intruders, including Worms and Trojans, from accessing your DiscoverStation and/or snooping on your users.
- ✓ **Configurable Internet Filtering**
Reduces inappropriate use and limits users' exposure to undesirable Internet content. Easily customized: Choose from several preset severity levels or choose the content categories (e.g. gambling, pornography, etc.), file-types (e.g. MP3, EXE, etc.), and keyword combinations you want to block. Supports both "White" and "Black" lists.
- ✓ **Fewer Components to Secure Against Theft.**

- ✓ **Authentication**
Optionally require authentication for certain session types (e.g., via a valid password or bar-code number). (Consulting & integration fees may apply).
- ✓ **Privacy Protection**
Automatically clears all personal information and station modifications between users, including browser history, personal files, cookies, etc..
- ✓ **Auto-Logout**
Inactivity timeout protects the privacy of users who leave their stations without logging out.
- ✓ **"Smart Security" – Tamperproof yet Flexible**
Robust cleanup ensures a consistent "clean slate" for all users – no "rebooting" required. "Smart Security" prevents system changes and unwanted software installs, but does not impede legitimate work.

Complete Solution

- ✓ **Multi Lingual**
Users can choose their preferred language of work.
-  **Accessibility Options**
Special accessibility features for visually impaired users.
-  **Comprehensive Suite of Applications**
Full Office Suite, Email, Web Browser, Photo Suite, CD-Burning, Virus Protection, Time Limit Manager, Project Manager, Popular Browser Plugins, and more.
Reads and writes most common file formats including Word, Excel, PowerPoint, PDF, and WordPerfect.
- ✓ **Multiple Session Types**
Supports a variety of session types including: Browser, Kids Station, Desktop, Card Catalogue

- ✓ **Web Page Caching**
Accelerates web browsing and reduces bandwidth consumption.
- ✓ **File-Storage**
Users can save files to a CD, floppy disk, or temporary storage area on the DiscoverStation.
-  **Time Limit Manager**
Prevents users from monopolizing the stations by limiting session length.
-  **Fewer Peripherals Required**
A single printer and scanner can easily be shared by all stations. No need for to set up printer sharing or a print server.
